

Range High School

Covid-19 Parent Information Booklet

Educational Provision – Individual Isolating for 14 Days.

In any year group, there may be several students isolating for 14 days at home. If your child is isolating, their class teacher is aware and will ensure that lesson resources are provided.

We ask that students follow the structure of their normal timetable to complete work that is set.

Work will be set on Class Charts and labelled as ‘self-isolation’.

Educational Provision – Year Group Isolating

Work will be set on Class Charts and labelled as ‘blended learning’.

If an entire year group is self-isolating, students will also need to access Google

Meet for ‘live’ and pre-recorded lessons

What will the class work be like?

We are offering a blended approach to remote learning which may take the form of:

- Watching and participating in a ‘live’ lesson on Google Meet*
- Watching a recorded lesson or video including Oak Academy, Youtube resources or a pre-recorded lesson from our own subject specialists
- Reading, making notes, summarising information
- A Power Point to work through
- An assignment or activity to complete
- Tasks to complete in a pre-made workbook
- Exam or past-paper questions to complete
- A quiz or interactive game on Quizziz, Kahoot, Seneca Learning or other learning platforms

* ‘Live’ lessons will take place during a normal timetabled lesson for the subject and will be flagged in advance on Class Charts. The ‘live’ portion will be a blend which may include teacher explanation, questions and answers and providing answers to previously set work amongst other activities. These will not necessarily be ‘live’ for the entire timetabled slot but individual work will be set to make up the allocated time.

Our expectation is that all classes will receive at least one ‘live’ input over every fortnightly cycle. Teachers will keep a register of those that are present.

In some subjects, the student will be asked to submit the work to the teacher or keep it safely until they return to school.

What if my child cannot remember their email address or password?

Students can access both Class Charts and Google Classroom using their normal school log in details.

If a student cannot remember their log in details, they should email

itservices@range.sefton.sch.uk

What if my child cannot access Google Classrooms?

Google Classrooms is accessed through any web browser using your child's school email address and password, e.g. ef16ab@range.sefton.sch.uk . The school website and VLE has the link to Google Classrooms and instructions. If you cannot get onto Google Classrooms please call the school office and an IT technician will get back to you. Alternatively you can email itservices@range.sefton.sch.uk

What if we have no internet access at home?

Please inform the school by calling 01704 879315, a member of the school pastoral team or senior leadership team will then contact you

What if we don't have a printer at home?

Don't worry, the vast majority of the work is online or in an editable format so that your child can work on the document, save it and send it to their teacher without the need to print. Other activities can be done on paper and kept safely until your child returns to school.

If there is a specific activity that you cannot do without a printer, please email the teacher directly for support or call the school so that work can be collected.

What if my child gets stuck or has a question for the teacher?

Your child can email their subject teacher for help at any time. They can also post a question directly to the Google Classroom page at any time. The class teacher will respond as soon as they can, but may be teaching during the school day.

How can I support my son/daughter?

You can ensure they have their class charts log in and help structure their time via your own Class Charts account. If you need your Class Charts log-in code re-issuing, please contact itservices@range.sefton.sch.uk

To get the most from a 'live' lesson students should have their video camera switched on (and audio on when required to participate). This will allow the teacher to see who is present and interact with the class effectively.

How to access Google Classroom

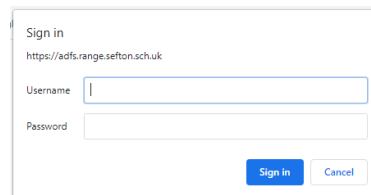

The school website has a direct link to Google Classrooms.

Open your internet browser (e.g. Google Chrome) and type <http://www.range.sefton.sch.uk/>

1. Select 'portal' from the menu at the top of the webpage:

2. Sign in using your school email and password:

A sign-in form with the URL https://adfs.range.sefton.sch.uk. It has fields for Username and Password, and buttons for Sign in and Cancel.

3. Choose classroom from Portal homepage -

4. Your child will have a different area for each class they belong to. Click onto a class to look inside it. This is where the teacher will load resources, set work and deliver live lessons.

- 5.

6. At the top of each class will be a link to any 'live' Google lessons. Students can click the link to join any lesson that is taking place.

COVID-19 FAQ's

This is an information leaflet to explain the COVID-19 protocols for school.

What should I do if my child is unwell?

If your child has symptoms (a high temperature, a new, continuous cough, or loss of/change in your sense of taste or smell) please inform school on 01704 879315, and keep your child and the rest of your household at home.

It's important you get your child tested immediately and inform school of the outcome of the test. Get a test at nhs.uk/coronavirus or call 119.

If the test is negative, and if they feel well enough (no symptoms for 48hrs), the child and their household can stop self-isolating and return to school.

If your child tests positive, they must isolate for 10 days from the start of symptoms and the household must self-isolate for 14 days.

What will happen if my child is unwell during the school day?

If your child develops these symptoms in school, they will be cared for by the staff and you will be contacted. Your child will be sent home with advice about what to do. It is important that you take your child to be tested and follow the process above.

Unless COVID-19 is confirmed by a positive test, there will be no need for other students, teachers or staff in the bubble group to go home or self-isolate.

What should I do if I am unwell or a member of our household is unwell?

Anyone with symptoms must stay at home for 10 days (self-isolate) and get tested immediately. All members of the household must self-isolate for 14 days and children must stay off school, even if they feel well and have no symptoms. This period of fourteen days is from when the last person in the household first shows symptoms.

If the test is negative, the household can stop self-isolating and the children can return to school.

If the test is positive, then the household must continue to isolate for 14 days. Even if the household members feel well or have had a recent COVID test, they must remain at home for the full 14 days. Again, the 14 days is from when the last person first displayed symptoms.

What should I do if my child has recently been with a friend or close contact (outside school) who has tested positive for COVID-19?

If your child has been in close proximity to the COVID infected person (e.g. grandparent, friend), they should self-isolate for 14 days and inform school. For example, close proximity means face-to-face without facemasks, hugging, sharing a car without face-masks, spending time in their house, sitting closely without face masks, going out for a meal or in any way not socially distancing.

What happens if a staff member tests positive for COVID-19?

The staff member will self-isolate for 14 days along with their household and any close proximity contacts. In a secondary setting, the member of staff is not part of a bubble due to social distancing and strict hygiene measures. This means that pupils do not need to be isolated at home unless advised by local health authorities.

What happens if there is a COVID case in my child's class or Year Group?

If there is a confirmed COVID-19 case by a student in school, we will trace all of the pupils who have come into contact with the infected student and they will be sent home to self-isolate for up to 14 days.

The households of the bubble do not need to isolate, unless their child also develops symptoms. Anyone who develops symptoms, should get tested immediately. For families with siblings in school, this means you may have one child isolating and another still at school. This is to break the chain of infection without forcing the school to close.

In all cases of positive tests here at school, we will take advice and instruction from both Public Health England and local health authorities as required.

What if there is an increase of COVID in the community?

If COVID infection rates in Sefton continue to rise, schools may be asked by Public Health England and the Local Authority to help break infection chains by reducing the number of students on-site. This will mean that, for the majority of pupils, they will attend school on a **two-week rota**. Each year group will access two weeks remote learning online and two weeks face-to-face learning in school. Children of key workers will be able to access full-time school if they need to; more information is available on our website- tiered response document.

If COVID levels continue to rise, further restrictions may be put into place by the Local Authority or the national government.

What happens about lessons if my child is isolating at home?

If your child is well but isolating at home, they may miss 10 days of learning. Therefore, it is vital that they continue with lessons online and complete the assignments set by the teacher.

Students will be asked to follow the structure of their normal timetable. Teachers will provide instructions for lessons through Class Charts. This could involve downloading presentations, video clips, activities or assignments. They may also be given a link to access an online learning system called **Google Classrooms** to enable them to access pre-recorded or live lessons. It is important that your child can access Google Classrooms online using a laptop, tablet, PC or smart phone. More detailed information about how to log-on and access Google Classrooms has been shared with your child in school and links and instructions can be found on our school website. Please see information at the start of this booklet.

If your child is isolating, please inform the school if you do not have internet access or a device to access Google Classrooms as outlined above.

Further information

If you require more information, please see the guidance at <https://www.gov.uk/coronavirus>

If you need to alert us of a suspected or confirmed COVID case in your household, please call 01704 879315

Covid-19 Related Pupil Absence A Quick Reference Guide for Parents

What to do if	Action Needed	Return to school when
<p>My child has Covid-19 symptoms;</p> <ul style="list-style-type: none"> • HIGH TEMPERATURE – this means you feel hot to the touch on your chest or back. • A NEW <u>CONTINUOUS COUGH</u> – this means coughing a lot more than an hour, or 3 or more coughing episodes in 24 hours. • A LOSS OR CHANGE TO YOUR SENSE OF SMELL OR TASTE – this means you have noticed you cannot smell or taste anything. 	<p>DO NOT COME TO SCHOOL</p> <ul style="list-style-type: none"> • Contact the school to inform us. • Self-isolate the WHOLE household for 14 days. • Get a test. <p>INFORM SCHOOL IMMEDIATELY UPON RECEIVING THE TEST RESULT</p>	<p>You have a negative coronavirus test and you no longer have a fever.</p>
<p>My child tests positive with Covid-19</p>	<p>DO NOT COME TO SCHOOL</p> <ul style="list-style-type: none"> • Contact school to inform us. • Agree an earliest date for possible return. A Minimum of 10 days after symptoms started. 	<p>NOT SOONER THAN 10 DAYS AFTER THEIR SYMPTOMS STARTED.</p> <p>Students should remain off after this period if they still have a fever. They can return if they have a cough or loss of taste/smell as these symptoms have been shown to continue even when the infection has passed.</p>
<p>My child tests negative for Covid-19</p>	<p>CONTACT THE SCHOOL</p> <p>Discuss when your child can come back to school.</p>	<p>The test is negative, symptoms have passed and you feel well.</p>
<p>My child is ill with symptoms not linked to Covid-19.</p>	<p>FOLLOW THE USUAL ABSENCE POLICY.</p> <p>Contact us to report the absence, give symptoms and predicted return to school</p>	<p>When feeling better, unless it was sickness and diarrhoea, in which case 48 hours after symptoms finished.</p>
<p>Someone in the household has symptoms of Covid-19.</p>	<p>DO NOT COME TO SCHOOL</p> <ul style="list-style-type: none"> • Contact the school to inform us. • Self-isolate the whole household for 14 days from the last person showing symptoms. • Household members to get tested. <p>INFORM SCHOOL IMMEDIATELY ABOUT TEST RESULTS</p>	<p>The test comes back negative and your child is not showing symptoms.</p>
<p>Someone in my household tests positive for Covid-19.</p>	<p>DO NOT COME TO SCHOOL</p> <ul style="list-style-type: none"> • Contact the school to inform us. • Agree an earliest date for possible return. <p>Minimum of 14 days.</p>	<p>The child has completed 14 days of isolation.</p>
<p>NHS Test & Trace has identified my child has been in close contact of someone with symptoms of confirmed Covid-19.</p>	<p>DO NOT COME TO SCHOOL</p> <ul style="list-style-type: none"> • Contact the school to inform us. • Agree an earliest date for possible return. <p>Minimum of 14 days.</p>	<p>The child has completed 14 days of isolation.</p>

<p>We/my child has travelled and has to self-isolate as a period of quarantine.</p>	<ul style="list-style-type: none"> • DO NOT take unauthorised leave in term time. • Consider quarantine requirements and FCO advice when booking travel. • Agree an earliest date for possible return. Minimum of 14 days. • Self-isolate the whole household. 	<p>The quarantine period of 14 days has been completed.</p>
<p>We have received medical advice that my child must resume shielding.</p>	<p>DO NOT COME TO SCHOOL</p> <ul style="list-style-type: none"> • Contact the school to inform us. • Shield until you are informed that restrictions are lifted and shielding is paused again. 	<p>Restrictions have been lifted and your child can return to school.</p>
<p>My child's bubble is closed due to a Covid-19 outbreak in school.</p>	<p>DO NOT COME TO SCHOOL</p> <ul style="list-style-type: none"> • At home, support your child with remote learning, provided by the school. • Your child will need to isolate for 14 days. 	<p>School will inform you when the bubble is re-opened.</p>
