Re: Easter Provision

Dear Parent/Carer

As an identified 'Key Worker' I wanted to get in touch about the potential of some limited supervision for your child during the Easter break. The first thing I need to establish is the potential level of need. If the numbers are very low, it may not be possible to provide any provision and of course, as you will be aware the current advice from the government is that if children can stay at home at this time, this is the safest place for them. However, I am keen to establish if this is a service that would be beneficial and useful to our community at this time.

If there is a need, I envisage a 9am-3pm provision during the two weeks of the Easter break with the exception of Good Friday and Easter Monday. If this is a service that would allow you to carry on with your duties in your job then please get in touch to let us know the name of your child and what days you would require. I need this information by 5pm on Thursday, 26th March at the latest. Please use the email address: frontline@range.sefton.sch.uk but please put 'Easter Provision' in the subject heading section. If we do not hear from you, we will assume that you do not require any provision during this period. Once we have the necessary information, I will be back in touch with further updates.

You will appreciate that this is a fast-changing situation with different guidance/instruction coming from government departments on a daily basis. This offer is being made at the moment on the basis that I can open the school with sufficient staff available to make it a safe environment for your child. If this was to change, I may have to withdraw the offer. I am also aware that Sefton LA are currently working on potential 'hub' models so that may be another possibility. I will be back in touch towards the end of the week or the beginning of next week once more information is available.

In the meantime, thank you for the vital work that you are doing to keep us all safe at this very challenging time.

Yours sincerely

Mike McGarry
