

Calling all budding Photographers and creative types!

We normally have so many fun extra curricular activities to offer you in the Art department so we thought that we would challenge you to recreate a piece of artwork in a photograph.

You may have seen lots of examples of these online and we have included lots on the attached powerpoint.

TASK -

- Choose a classic piece of art. You can choose any artist you want. Some suggestions - Van Gogh, Leonardo Da Vinci, Michelangelo, Edvard Munch, Picasso, Frida Kahlo
- You should save an image of the original piece of artwork, include the name of the artist and the title of the piece
- Then try to recreate that piece of art with things you can find around the house. Save your image and present both images together
- Please photograph your work - send the piece you created, and the original classic art work you based it on to - ef@range.sefton.sch.uk
- Don't forget to include your name and tutor on the email
- Range High School Art Department are really looking forward to seeing your creative masterpieces!!
- **GOOD LUCK!!!**
