

Transition task 4 – My school bag

When you start in secondary school you will probably need a bigger bag than you had in primary school. You may need to bring more equipment with you and you may have to carry it around school with you during the day.

Which items do you think you will need to take with you?

Which items will you be allowed to use in lessons?

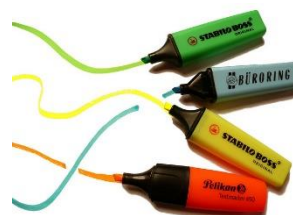

Tick the items that you will need and be allowed to have. Cross the items that you won't be allowed or won't need in lessons. If you aren't sure put a question mark next to each item.

Pens & Pencils

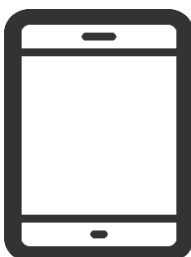

Make up

Highlighters

Sweets & chocolate

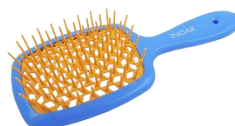

Mobile phone

Calculator

House keys

Hairbrush

Money

In my school bag

In secondary school you will probably need different equipment and items for different lessons. Have a look on the school website and find out what essential kit you will need during your time at Range High School. **Use the space on the bag to draw or doodle what you think you will need to gather before you go to secondary school in September.**
