

# **RANGE HIGH SCHOOL**

## **Humanities Faculty History Department**

The History department are part of the Humanities Faculty which is a forward-thinking and high achieving Faculty having regularly been placed in the top 20% nationally in terms of results. We pride ourselves on providing a stimulating and engaging experience centred around educating all of our pupils about the benefits of studying History.

Located in a suite of 4 teaching rooms, the History Department is currently made up of 4 passionate and experienced teachers who can teach Key Stage 3 through to Key Stage 5. Pupils have access to a computer suite to aid their study of History.

History is taught in mixed ability groups in Year 7 to 9. Currently History and Geography is a core subject for all of our pupils at Key Stage 4 but from next year the subject will return to be an option subject. History is offered at GCSE and A Level with pupils following the Edexcel specification at GCSE and the OCR specification at A Level.

The department prides itself on the range of enrichment activities that are on offer to the pupils. In Year 8 pupils will visit Speke Hall, in Year 9 they will visit the Imperial War Museum. At GCSE they will visit Whitechapel in London and at A Level there is a trip to Berlin.

Mrs A M Murray  
Head of Curriculum Area
